

Forklift Electrical Part

Forklift Electrical Parts - Lift trucks together with other lift trucks may have particular labels used in certain hazardous locations. The label denotes that this certain model of forklift meets the minimum standards of ANSI/UL 553 meant for electric lift trucks or ANSI/UL 558 meant for internal combustion engine lift trucks.

The use for labels intended for lift forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Areas or Use, Maintenance and Operation, and Type Designations. Check with your local insurance carrier and Fire Marshall for further info on the approved uses of industrial powered lift trucks in your application.

If the forklift has been proven to meet the outlined standards, the following labels can be attached. A marked truck will have the type designation located on the forklift nameplate and would have one of the following labels placed.
